

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

AN INVESTIGATION INTO THE SERVICE OF)
WESTERN ROCKCASTLE WATER ASSOCIATION) CASE NO. 90-084

O R D E R

On September 24, 1991, the Commission entered an Order in this case finding that this proceeding should be held in abeyance pending Western Rockcastle Water Association ("Western Rockcastle") securing financing for a proposed project to solve pressure problems on portions of its water system. Thereafter on August 3, 1992, Western Rockcastle filed an application for a Certificate of Public Convenience and Necessity to construct an improvement project secured by financing from Kentucky Infrastructure Authority, the Community Development Block Grant Program from the U.S. Department of Housing and Urban Development, and from the Appalachian Regional Commission.¹ By final Order entered September 10, 1992, the Commission approved Western Rockcastle's application granting a certificate to construct, approving the plan of financing and approving certain adjustments to Western Rockcastle's water service rates.

After consideration of the matters of record and being otherwise sufficiently advised, the Commission finds that this

¹ Case No. 92-319, The Application of the Western Rockcastle Water Association for a Certificate of Public Convenience and Necessity Authorizing It to Improve Its Water Transmission System.

proceeding should be generally continued until Western Rockcastle has satisfactorily demonstrated within 60 days of the date of substantial completion of the proposed construction that these improvements will resolve the pressure problems throughout the distribution system. Western Rockcastle shall contract with its engineer to file a signed statement and duly verified pressure records which show the distribution system meets the systems standard pressure range.

IT IS THEREFORE ORDERED that:

1. This case be and it hereby is continued.
2. Western Rockcastle shall contract with its engineer to provide a copy of pressure records and a signed statement that all improvements have been completed and the pressure problems have been resolved throughout the system.
3. Western Rockcastle shall file a copy of the above information within 60 days of the date of project completion.

Done at Frankfort, Kentucky, this 12th day of October, 1992.
